Lancaster Public Library

During the year closing, Jan. 31, 1931, the adult library has added to its shelves 104 new books and a set of O. Henry's complete works. Much consideration is given by the Book Committee in selecting worthwhile books, as a result the Library has had many compliments from visitors far and near.

This year 16,358 books have been loaned in this department, 3,119 being non-fiction.

For fines we have received \$110.00, which has been turned over to the Treasurer.

The juvenile Librarian, Mrs. Elaine Hickey, has completed her first full year and has more than doubled the circulation. Mrs. Hickey is most conscientious, efficient and sympathetic in her work with the children.

The good behavior and courtesy shown by the High School students in the Reading Room, where much studying and reference work is done, is well worth mentioning.

COL. TOWN SPENDING COMMITTEE

CHAIRMAN'S REPORT

As time goes on there seems little need for any report from the Chairman of the Col. Town Spending Committee. The Secretary of the committee makes a report covering all appropriations during the year and the Treasurer of the committee submits a report covering in detail money available and the amount of each appropriation made during the year. These reports together with the one submitted by the Superintendent of the Community House cover rather completely the entire activities of various committees appointed in connection with the expenditure of this fund.

The Chairman in submitting this report occupies a rather unique position. For the past three years the committee has been made up of nine representative citizens of the town, the same nine serving for the entire period and the entire group beginning their term of service together and continuing without a change to the present time. As has been reported previously by your Chairman, the Committee has been influenced entirely by the instructions as laid down by Col. Town in his Will, together with the desires from the people of the town as the committee was able to best obtain knowledge of those desires. In other words, the number to be benefited by each appropriation and the number that expressed a desire for the appropriation had an influence on making of the particular appropriation.

The Committee has always carried uppermost in their mind the fact that the money was left to the people of the town and that the Committee merely acted as agents of the town in carrying out a distribution program where the greatest number would be benefited. To quote specifically from Col. Town's Will, he very clearly states that he made this bequeath to the town of Lancaster "solely for the benefit, instruction, proper entertainment and teaching of right living, etc. to the people thereof." There are, no doubt, people in the town that feel your committee has not acted wisely on all appropriations. The committee submits for your consideration the above quotation from the Will of Col. Town together with the fact of giving the greatest benefit to the greatest number of people. They beg your indulgence for any shortcomings or unwise acts which they may have performed because of the human frailties which they all possess.

Respectfully submitted,

DAN A. O'BRIEN,

Chairman.

SECRETARY'S REPORT

At the Town Meeting in March, 1931, the three members of the Spending Committee whose term expired were re-elected, leaving the personnel of the committee identical with that of 1931. As it stands now, Fred Congdon, Dr. W. M. Bronson, Mrs. Fannie Moses—term expires 1934; Carroll Stoughton, Harold Alden, Mrs. Katherine Lane—term expires 1933; D. A. O'Brien, Enos Fay, Mrs. Ethel D. Magoon—term expires 1932.

Organization of the Committee resulted in the following: D. A. O'Brien, Chairman; Ethel D. Magoon, Secretary; Enos Fay, Treasurer. The special committees are as follows: House Manag-

ing Board—Dr. W. M. Bronson, Fred Congdon, Mrs. Fannie Moses; Playground Committee—Mrs. Katherine Lane, Chairman, Carroll Stoughton, D. A. O'Brien; Community Camp—Harold Alden; Scholarship Loan Committee—D. M. White, Chairman, Carroll Stoughton, Mrs. Ethel Magoon.

During the course of the year the following appropriations in chronological order were made. The exact amount of these appropriations can be determined by consulting the Treasurer's Report.

Appropriation was made to the Lancaster Troop of Boy Scouts to cover a deficit which they experienced.

Appropriation was made also to provide the Scholarship Loan Committee with funds to meet requests which during the year was supplemented to meet urgent cases until a limit was placed on the amount that could be expended for this work. The Committee is now financing ten students in institutions of higher education. Eighteen loans are outstanding, all made from income.

The Juvenile Department of the library which was originally started and always has been financed by the Col. Town Spending Committee was continued. This was the only appropriation made to the library.

Customary Col. Town prizes as designated by his Will were also appropriated as well as a small deficit of the Lancaster Athletic Association.

Arrangements were made by the Committee to have fresh flowers placed on the grave of Col. Town each week during the summer season.

Following a practice which has been in vogue for some years under the Col. Town fund the playground was continued with Miss Ruth McKinnon in charge. The attendance was larger than usual and the playground as a whole was more successful.

Ray Field, which adjoins the community property, was completed and seeded, and to all appearances the work was very efficiently done. This field should be a credit to the town in years to come. The property was also beautified and made more efficient by a building which serves as a combination garage and playground structure which was constructed at the rear of the Community House during the past year. This building is equipped with running water and toilets for the convenience of the youngsters at the playground.

Appropriation was made to the Lancaster Band covering the construction of a bandstand and a portion of which was to be used for their operating expenses.

The Lancaster Auxiliary made up largely of the ladies of the town were assisted by an appropriation similar to that of previous years.

The Col. Town Spending Committee assumed the responsibility of the citizens of the town in the guarantee for the 1932 Chautauqua, relieving the citizens of this financial burden and assuring the town this sort of recreation and entertainment another year.

An appropriation was made to the Golf Course with the understanding that one day a week the Course should be available, without charge, to residents of the town of Lancaster. This day was to be selected by the Directors of the Golf Course.

Appropriation was made to assist the people in the rural sections in the matter of transportation of their children who are attending high school. Those in the rural schools are provided for by the state while those in the high school remain the problem of the parents. The appropriation was increased over that of last year and carries with it the stipulation that it should apply to students residing beyond a

radius of two miles from the village limits. Only students in the town of Lancaster are eligible to this privilege.

Appropriation was also made in assisting in the maintenance of the skating rink, with the understanding that the children of the town should have free use of the rink at such time as was convenient for the management of the rink to have them around. Mr. Grondin still retains the rink and its general supervision.

Appropriation was made in connection with the Community Camp, making it possible for some of the girls in the town to utilize this camp for recreational purposes. The Camp has become more a recreational center for the entire town, being used last year by a group of farm women for a week, a 4-H Club gathering, and many private parties. The Community Camp is a part of the town property and available to any group or citizen in the town.

During the year a slight change was made in the house rules. It was found wise to discontinue the rule permitting people to rent the hall after 12 o'clock. This action was taken after much deliberation and careful investigation, not only among those hiring the hall, but also people that lived in the immediate neighborhood of the Community House.

During the year the necessary repairs to the property, generally, have been made, and the property kept in a presentable condition. The debt is being systematically reduced and although the income from the use of the hall is somewhat reduced also, the appropriations were kept within the income.

Your Committee has met all appropriations and attempted to deal with them in fairness, open-mindedness, and with the utmost justice.

Respectfully submitted,

ETHEL D. MAGOON,

Secretary.

REPORT OF SCHOOL COMMITTEE

Mr. Ralph Shute was re-elected at the last meeting of the school district.

The Board has given serious attention to the question of lowering school costs without lessening the efficiency of the schools.

This is almost an impossibility due to the fact that so many fixed charges are required by law. Any cut in the cost of the elementary schools would result in less state aid, and therefore no saving would be made by the local taxpayers. It is hoped that the citizens will resist attempts to lower the efficiency of the schools during this temporary emergency.

RALPH D. SHUTE,
WM. R. GALBRAITH,
CHESTER MARSHALL,

School Board,

Town District of Lancaster.

Lancaster, N. H., Feb. 13, 1932.

REPORT OF THE SUPERINTENDENT

General Conditions

The nine rural schools have operated with a high degree of efficiency this year, with few interruptions to the regular routine.

Mrs. Richard Morse at No. 15 was the only new teacher this year. She is a graduate of the Salem, Mass. Normal School and has had experience in both Whitefield and Groveton.

Repairs

Few repairs were required last summer. The schools were given a thorough cleaning just before the opening of school. Two of the schools, namely Numbers 9 and 10 should be reshungled this coming year.

Enrollment

To the average citizen the nine rural schools constitute the town school district, but it should be remembered that many children living in the town district are being educated in other schools. Forty-six pupils are in the Lancaster High School, and 43 in the village grades. A total of eight attend schools in nearby towns. All of these children are being educated at a very reasonable cost per pupil, but the total amounts to a considerable figure. A study of the census shows that the number of children in the town district will decrease considerably in the next few years. Three of our rural schools will have less than 10 pupils next year.

In Conclusion

The Superintendent wishes to thank the members of the school board, parents, and teachers, for their co-operation in behalf of the children.

WILLIAM G. FULLER.

PUBLIC HEALTH NURSE'S REPORT

To the School Board of Lancaster Town District:

The following report is respectfully submitted by me, as Public Health Nurse, of Lancaster, having the Town Schools under my supervision.

The physical examination of all pupils was completed by Dr. William Bronson, with my assistance during September and October. These examinations consist of weighing and measuring the children, teeth and tonsils inspected, heart examined, observed whether or not any skin condition exists, checked up on goitre and whether or not the child has been vaccinated.

After completing the physical examinations, the defect cards are made out, signed by the school physician, and mailed to the parents so they may be informed of any defect which may exist.

After the physical examinations have been completed the program which I have endeavored to carry out in the rural school is as follows:

To give each child individual health inspection.

To visit the homes of children inspected and found to have physical defects with the correction of same in view.

To establish health habits such as importance of care of teeth, personal hygiene, cleanliness, proper diet, sufficient amount of sleep, and importance of fresh air and exercise.

To give each pupil vision and hearing tests.

Hot lunches at noon have been instituted in most of the district schools which has aided in the better health of the school child.

The teachers in these schools are much interested in this part of their curriculum and have been of much assistance in instilling in the children the importance of health.

Summary of Health Examination

Juvenile Department

The work of the Juvenile department of the Library has continued to grow until now there are 287 children having the right to borrow books.

Townpeople have cooperated by holding story hours at various times during the year. Book Week, November 15 to 21st, was celebrated by the Grammar grades of Lancaster Academy making posters depicting their favorite books. The best posters were displayed in the store window of Linscott & Smith. The theme of Book Week was "World Friendliness."

The world globe, bought for the use of both young and old, has attracted much notice. The seventh and eighth grades exhibited "The Surrender of General Robert E. Lee at Appomattox in 1865" in the library, which was under the supervision of Miss Ramona Christie.

Forty-five new books were added to the children's room during 1931, among them seven being gifts. The total number of books given out during the year is 5,993. Money received from fines, \$20.00.

ELAINE F. HICKEY, Juvenile Librarian.
